AFTER THE BIG TRUSTS

Campaign Against Law-Breaking Corporations.

MORE CASES ARE TO COME

Attorney General Bonaparte Intimates That There Will Be a General Campaign Against Corporations Alleged To Have Violated Law.

New York, Aug. 12.—Attorney General Charles J. Bonaparte, who visited President Roosevelt at Oyster Bay Friday, stopped for a brief period in this city before going to his home in Baltimore.

While here he talked more fully with the president and intimated that the next month might bring out further developments of importance in the campaign against alleged law breaking corporations.

Makes No Secret of Talk.

"I do not wish to make any secret of the fact that the talk between the president and myself was in reference to the fine imposed by Judge Landis against the Standard Oil company, of Indiana," said Mr. Bonaparte. "We discussed that and also what steps would be taken as a result of the investigation of the interstate commerce commission on the Harriman railroad system. What will be done in regard to both these questions I cannot tell at the present time."

Mr. Bonaparte was asked if there would be any prosecutions of individuals and he replied:

"I will say that if we get what the doctors call 'a good case,' those higher up will come in for their share of the investigations. The case will be pushed to the limit. So far as the smaller fry are concerned I do not think there is any use in going after them. I refer to the men who are at present holding positions in the companies.

The Standard Oil Fine.

"Will the Standard Oil company of Indiana be forced to pay the fine if its appeal fails?" he was asked.

"That is a question the answer to which can only be found in the future," said Mr. Bonaparte, smiling. "The president and I talked over the amount of the fine imposed by the courts and we both sympathized very much with the company," added the attorney general, and his smile broadened.

"How can the Standard Oil company of Indiana pay a fine of over $29,000,000 on a capitalization of only $1,000,000?" he was asked.

"If the decision just obtained is affirmed by the court of appeals, then we will go after our money and get it in some way," answered Mr. Bonaparte. "It is true that a stone has no blood," he added, "but a stone may be ground up. This one case against one company of the Standard Oil does not insure immunity for the other branches. In all probability other cases will be taken up by the department of justice."

In speaking about the Harriman railroads which he had discussed with the president, the attorney general said that there was nothing to be said at this time but that development may be expected within the next few weeks.

The Harriman Affairs.

"Within a month," said Mr. Bonaparte, "I can say that there will be something heard from the Harriman affairs." While there may be some new developments, there will be nothing of a sensational character. I have had this subject under consideration for the last three or four weeks."

Among other things discussed by the president and Mr. Bonaparte, according to the latter, was the prevalence of "land frauds" in the west. There are a great many of these cases, it was said, and the president is very much interested in having them brought to light and the offenders criminally prosecuted. This is being done just as fast as the cases come up for consideration.

Riot Call Was Sounded.

San Francisco, Aug. 12.—Members of the Exempt Firemen's Relief Association, a body of [illegible] Gompers' Building Trades Council [illegible] Friday night, and at one time it was feared a riot would result. The riot call was sounded for extra police and eighteen of the negroes were arrested on charges of disturbing the peace.

GUNNER'S SELF-SACRIFICE.

Fearlessly Risked His Own Life To Save Comrade.

Washington, Aug. 12.—Acting Secretary Newberry has formally placed on record the navy department's heartiest commendation of the self-sacrifice and bravery exhibited by Edward Wade Whitehead, first-class gunner's mate, in fearlessly risking his own life to save that of a comrade.

The details of the act for which Whitehead is commended are set forth in the letter of Acting Secretary Newberry to the commandant of the station at Tutuila, Samoa, from which it appears that a landslide had destroyed the barracks at that station and Whitehead at great risk, and with his own body had protected Sergeant John F. Cox, U. S. M. C., from being crushed beneath a slowly advancing avalanche of concrete and earth until a relief party from the U. S. S. Adams was able to extricate the men.

ATTEMPT TO ASSASSINATE.

Startling Revelations from the Dark Tobacco Region.

Springfield, Tenn., Aug. 12.—At a meeting of the executive committee of the Dark Tobacco association, held at Guthrie, Ky., some startling revelations were developed.

A few days ago there was an attempt made to assassinate Dr. I. F. Sory, a prominent member of the association. It developed at the Guthrie meeting that Charles H. Fort, president of the association, had received an anonymous letter, giving him ten days in which to resign his position and get out of the association and threatening him should he disregard the warning.

It was further developed that "night riders" had attempted Sory's life and that had this been successful, it was the plan to go to Fort's home, call him to the door and cut his throat, then to kill George Montgomery, a prominent member of the association. Sensational arrests are predicted.

In an interview Dr. Fort declared he would not resign.

INSPECTOR HUNT REINSTATED.

Richest Policeman in the World Gets His Old Job Back.

Chicago, Aug. 12.—Inspector Nicholas Hunt, reputed millionaire and admitted to be the richest policeman in the world, was reinstated on the Chicago police force by Chief Shippy Friday night and placed in charge of his old headquarters in Hyde park.

The inspector, who on a [illegible] superannuation was deposed a year ago by former Chief of Police Joseph M. Collins, now under indictment on a charge of using the police for political purposes, was met at his old station by hundreds of friends and his return was the occasion for an impromptu love feast.

Hospital Building Burns.

Philadelphia, Pa., Aug. 12.—A building containing the laundry and lighting and heating plant of the Pennsylvania Hospital for the Insane in West Philadelphia, one of the largest private institutions in the country, was destroyed by fire Friday afternoon. Patients, mostly women, in buildings nearest the burning structure, were removed to other buildings remote from the fire and there was little excitement among the inmates. The firemen succeeded in confining the flames to the laundry building. The loss is estimated at $20,000.

Farmer's Fatal Mistake.

Montgomery, Ala., Aug. 9.—Reuben Buchanan, a farmer near Union Springs, Ala., put poison in some of his melons to catch a thief. Forgetting which ones were infected, he got one by mistake, ate it, and died.

MANY KEYS SILENT

Commercial Telegraphers' Strike Becoming General.

FINISH FIGHT IS PROMISED

Breach Between the Operators and the Telegraph Companies Has Assumed Serious Proportions—Walkouts in Many Cities.

Chicago, Aug. 12.—The breach between the Commercial Telegraphers' Union of America, out on strike, and the telegraph companies widened and a finish fight was promised Saturday when the Western Union Telegraph company imported its first load of strike breakers to man the silent keys.

There were thirty of them picked up in New York. They arrived Saturday morning on the Twentieth century limited train of the Lake Shore railroad.

The arrangement for the housing and feeding of the men was kept a secret, but it is believed they will be kept on the plant of the company to prevent the possibility of their meeting with any violence at the hands of strike sympathizers. The union men in the streets when the strike breakers arrived said they would feel no alarm, that the operators were not good ones and even if they were importing them into Chicago, they could not do the companies much good when the men are striking elsewhere over the country.

Minneapolis, Minn., Aug. 12.—With but few exceptions, every Western Union operator in Minneapolis left their instruments and walked out of the office at 8:30 in the morning on Saturday. This includes the Western Union operators who handle the quotations in the Chamber of Commerce. The trouble came when N. M. Hansen, an operator in the Minneapolis office of the Western Union office was ordered to work the wire to Chicago.

New York, Aug. 12.—A strike of the three thousand telegraphers of New York in sympathy with the Chicago strike is to be considered at a meeting called for Sunday. Pesident Ancarn, of the local union, said:

"It is likely that New York will be involved in the strike. The union has done all in its power to prevent a strike, but the company has not acted fairly. I think the strike will become general throughout the country."

Officals of the Western Union and postal companies who Friday expressed the belief that the strike in Chicago would prove to be local in its nature now say that the situation was such that preparations were being made to handle the business in case the men walked out. Minor officials and clerks of both companies, who have not worked at the key for years will be called on to man the wires while non-union men who remain at work will be given opportunities of making double time.

New Orleans, Aug. 12.—All of the operators in the employ of the Western Union Telegraph company walked out here Saturday morning at 10 o'clock in conformity with an order issued after a vote had been taken at a meeting of the local Telegraphers' Union.

First Violence in Strike.

Chicago, Aug. 12.—First violence in the telegraphers' strike in Chicago occurred Saturday when a clerk in the main office of the Postal Telegraph company was assaulted and knocked down in Clark street between Monroe and Adams streets as he was on his way home from work. He was going north on the west side of Clark street when two men who, he declared had followed him, came out of an alley and attacked him. He was struck on the back of the head and knocked down. When he got up the men were running west in the alley.

Roosevelt Pardons Woman.

Washington, Aug. 12.—President Roosevelt has pardoned Nancy Moore, who was convicted about six years ago in Indian Territory of manslaughter for killing Alec Brake in a dispute over a passing. The woman was sentenced to pay a fine of $500 and to serve ten years in the Ohio penitentiary. She has been imprisoned for about six years. She is the mother of six or eight children.

DATE IS CHANGED.

Meeting Executive Committee Southern Cotton Association.

Atlanta, Aug. 12.—The annual meeting of the executive committee of the Southern Cotton association will be held on September 5, instead of September 6, as was first announced at Jackson, Miss. The Sea Island Cotton association will meet on September 12 at White Springs, Fla. Harvie Jordan is president of the latter organization.

The object of both meetings is to fix a minimum price on cotton. That the price will be higher this year than last, most members of the association believe. They think that the government estimate of 75 per cent is a pretty fair indication of the shortage of the crop.

President Jordan said that in south Georgia recently 200 bales were sold at 14 cents, and without cutting the bale, and in North Carolina 200 bales were sold at 15 cents, and freighted 150 miles by the mill.

MUTINIES IN KOREA.

Situation In Some of the Districts Very Alarming.

Seoul, Aug. 12.—Among the provincial and metropolitan district three mutinies have taken place, namely at Seoul, Honja and Wonju.

The first named garrison was eradicated; the second is in flight with General Hasegawa's cavalry in pursuit of the fugitives, while the situation at Wonju is alarming.

According to the military reports the Korean troops have been joined by rioters and the Japanese officers have fled. The Korean commander was summoned to Seoul, but he disobeyed the order and the Japanese troops are now marching against the town.

HORRIBLE DETAILS.

Jews Were Slaughtered by Hundreds in Casa Blanca.

Tangier, Aug. 12.—Horrible details of the slaughter of Jews, the maltreatment of women and the pillage and burning of shops at Casa Blanca are told by passengers who arrived here by steamer from that port. They say that after the bombardment of the place began both the Moorish soldiers and the Arabs revenged themselves on the inhabitants, plundering, killing and burning on all sides. They sacked the custom house and burned a large part of the city, whose streets are so filled with decomposing bodies that an epidemic is threatened.

Many feats of heroism, both by the French and Spanish soldiers, are recounted.

STOCKS TAKE A FALL.

Speculative Sentiment Has Taken On Fresh Alarm.

New York, Aug. 12.—There was another break in prices of stocks at the beginning of the trading at the Stock Exchange, which carried some stocks down to lower prices than were touched during the week.

Speculative sentiment took fresh alarm at the tone of a statement by Attorney General Bonaparte after his interview in which the aggressive determination of the administration to push the pursuit of corporations along various lines was asserted.

Holders of securities threw them on the market in large blocks. The market made a temporary stand against the pressure, but after small rallies plunged downwards again.

Many Natives Slain.

Tangier, Aug. 12.—General Drude while encamped outside Casa Blanca was attacked by 3,000 Moors. According to the latest reports from the scene of the fighting, the assault was repulsed, the French artillery causing severe slaughter among the natives.

DYNAMITE EXPLOSION

Four Tons of It Let Go In Car at Boulder, Colo.

FIFTY PERSONS ARE INJURED

The Explosion Occurred While a Large Crowd Was Watching a Fire and Assisting the Volunteer Firemen in Their Work.

Boulder, Colo., Aug. 12.—While a fire was destroying the Colorado Southern depot Saturday, between 50 and 100 people who were assisting in quenching the flames or watching the work of the volunteer firemen were injured by the explosion of four tons of dynamite on a flat car. No one was killed outright, but it is thought several will die from their injuries.

The town was thrown into a panic by the catastrophe and many of those hurt were taken to their homes by friends or to houses in the immediate neighborhood where attention was given until physicians arrived. Most of the injured were more or less burned and a great many had bones broken.

The origin of the fire has not been definitely determined, although many believe it to have been caused by incendiaries. The fire had been burning only a short time and was in a fair way of being brought under control through the unflinching efforts of a hundred or more volunteer firemen, when a terrific explosion rendered many firemen and spectators senseless and sent stones, bricks and timbers flying in all directions.

Panic seized upon the people and they ran hither and thither, many injured and bleeding lying on the ground. As soon as the excitement quieted down, newspaper correspondents and city officers found that the railroad depot was in ruins and a number of houses and freight cars had been blown to pieces.

ROCKEFELLER'S VIEWS.

Standard Oil Magnate Discusses Judge Grosscup's Recent Speech.

Cleveland, O., Aug. 12.—John D. Rockefeller, discussing the recent speech of Judge Grosscup, in which the latter declared that the wealth of the country is so widely distributed that it is really in the hands of the moderately well to do, said:

"They can hardly accuse Judge Grosscup of partiality to corporations or railroads. He has shown very well, indeed, how widespread is the damage resulting from the prosecution through prejudice of the country's transportation lines. The same applies to thoughtless attacks on other lines of industry. It is worse than thoughtless to say offhand that the wealth and the industries of the country are in the hands of the few rich men, who alone will suffer. There is a direct loss to thousands of frugal people who have invested small savings in these enterprises, and the indirect effect reaches still other thousands, who depend in one way or another upon the success of every industry. The business of the country is interwoven until it is something like the circulation of the blood in the body. An injury of an operation at one point shocks and weakens the whole."

Automobilists Fined.

Newport, R. I., Aug. 12—Reginald C. Vanderbilt, aul J. Rainey, Loe A. Brugiere, of New York; Christian R. Holmes, of Cleveland, and the chauffeur for Mrs. B. B. Clyde, of Bryn Mawr, Pa., were all victims of the automobile speeding crusade being waged by the town of Middletown. With the exception of Messrs. Vanderbilt and Brugiere, all the party paid the fines imposed. Messrs. Vanderbilt and Brugiere pleaded not guilty and evidently intend to test the law.

Tramp Took Revenge.

Williamsport, Pa., Aug. 12.—A [illegible], who was put off a Pennsylvania train at Ridgeway, Pa., exploded nitro-glycerine under the car and five men were killed.

BAKER-SIMMONS.

Brilliant Church Wedding of Two Popular Young People.

Island Grove, August 12.—The quiet little town of Island Grove was the center of attraction to many people both far and near Wednesday, August 7, for on that evening was to be solemnized the marriage of two prominent young people, Mr. E. R. Simmons of Sparr, Florida, and Miss Bessie Baker of Island Grove.

The Baptist church had been beautifully decorated by loving friends of the bride with evergreens and white flowers of many varieties. The color scheme was white and green. There was a beautiful arch of cedar, white roses and honeysuckle; and festoons of cedar and white flowers and boquets.

At 8:45 o'clock the bridal party slowly wended their way up the single aisle of the little church to the strains of Mendelssohn's wedding march, which was beautifully rendered by Mrs. J. H. Martin.

First came the ushers, Mr. H. V. Cassels and Mr. W. T. Carlton, who marched up the aisle and, turning to the left, went behind the arch, came through it, separated and stood facing each other to the right and left of the arch. Next came Miss Clara Vause, niece of the groom, wearing a lovely white dress and carrying a boquet of white roses and ferns, attended by Mr. H. L. Fowler of Lake Butler, who followed the example of the ushers. Then came Miss Hazel Zetrouer of Rochelle, also wearing white and carrying a boquet of white roses and ferns, attended by Mr. E. L. Price of High Springs, who marched up the aisle and, turning to the right, went behind the arch, came through, separated and stood facing, as the others had done.

Then came the bride and groom next. The groom was very handsome in the conventional suit of black and carried himself very proudly as the beautiful bride-to-soon-to-be leaned on his arm. She was dressed in white washable chiffon, beautifully embroidered, both skirt and bodice, in shadow embroidery, the bride's own handiwork. It was also trimmed in lace and tiny tucked medallions, such lovely little conceits. The bride carried a boquet of white altheas and ferns tied with white silk ribbon, and wore clusters of sweet jessamine in her hair. They marched, as the ushers had done, to the left and back of the arch until they came under it, where they stopped, facing the audience, and were married by Rev. J. N. Thompson, pastor of the church, in a very impressive manner. The music started and the bride and groom marched out, followed by Miss Zetrouer and Mr. Price, who were in turn followed by Miss Vause and Mr. Fowler, and they were followed by the ushers.

The bridal party, with many relatives and invited friends, then went to the home of the bride, where a reception was given. Delicious cream and cake was served; then the bride's cake was cut and the ring fell to the lot of Miss Vause.

Mr. and Mrs. Simmons left for Sparr, their future home, where Mr. Simmons is merchandising. Both the young people are of excellent families and are widely known in educational circles, as they have both taught for several years.

Many handsome presents were received, such as glass, china and silverware, table linen etc.

Among the out-of-town guests not already mentioned were Mrs. Simmons, mother of the groom, his two sisters, Misses Sallie and Lee, and his brother, Mr. John Simmons, and wife of Citra; Mr. and Mrs. Gaskin, Miss Annie Price and Mrs. Clyde Barrow of Gainesville; Mrs. Will Baker and children of Melrose; Mr. and Mrs. Walter Brinson of Oxford, and Mr. J. N. Simmons of Hawthorn.

Their many friends join in wishing them a long, happy and prosperous life.

"Doesn't he run on his record?"

"On everything in sight—from principle to plank roads!"

Text for the Times.

"Don't worry too much about where the world's going," says a Billville philosopher. "The main problem with all of us is how not to go too fast, and to slow up when we get near the stations of life."

Hot Times in Georgia.

Now the skies of summer blaze—
Not a theme for laughter;
Makes a sinner think these days
Of what's to come hereafter.

But let the weather work its will—
Just do its best endeavor,
The heart that's beatin' happy still
Is bound to sing forever!

Words From Br'er Williams.

Dey done arrested a man out West fer havin' four or five wives. Sich a fool ez dat should never have been born!

Many a man goes thoo' de troubles er dis worl' wid only de hope dat w'en dey gits er monument over him dey'll write on it—"In peace at last!"

De Lawd make us thankful fer what we 'bout ter receive; but de receivers in dis worl' gits so much er what belongs ter us, we ain't got nuttin' lef' ter give thanks over.

Billville Literary Notes.

One of our leading authors has been writing a history of the devil, but recently decided to abandon it, as none of them know as much about him now as they are likely to hereafter.

Mr. Carnegie—or some other philanthropist—will be asked to give us a free library. We already have six candidates for president of it, and seven for secretary.

The sorrowful way seems to be the most popular, for when joy comes, we set in to celebrating and soon strike sorrow again.

The other day, in answer to a question as to residence, a Georgia man replied:

"I live in Hallelulia settlement, on Shouters' hill."

And truly, rent in such a neighborhood would be cheap at any price.

Have any Dandruff?

Annoying and untidy, isn't it? And worse still, it invariably leads to baldness! Ask your doctor what to do. See if he doesn't tell you to use Ayer's Hair Vigor, new improved formula. Cures dandruff. Stops falling hair.

LAWTEY STARS WILL MEET OAK HALLS

A Hot Ball Proposition Promised for Thursday Afternoon.

THE STARS VERY STRONG TEAM.

The Boys From Bradford Have Run Against Many Strong Propositions, In the Majority of Cases Coming Out Victorious—Good Game.

Thursday promises to be an exciting afternoon in Gainesville, since Manager Tison of the Oak Halls has arranged for a game between his team and the Bradford County Stars of Lawtey. The game will be pulled off on the local diamond, and will begin promptly at 3:30 o'clock.

The Bradford County Stars are a swift aggregation in the national game, and have been very successful this season, going against and defeating some of the finest amateur teams of the State. The team is composed of active ball players who understand the game, and an interesting contest here is assured.

As every other city of importance is giving its employes a half-holiday on Thursdays, it has been suggested that the merchants of Gainesville at least follow the example for this time, and close their places of business for a half day, in order that they and their employes may have an opportunity to witness this game, which will be one of the best of the season.

Change in Road Work.

There has been made a change in the supervision of public road work, the change taking effect Monday.

T. R. Waits, who has been supervising the work on the Gainesville-Prarie Creek road, has been transferred to Commissioner Paulling's district, comprising the Hawthorn, Micanopy and Archer sections, while J. R. Emerson has been given complete control as supervisor of the Prarie Creek road, succeeding Supervisor Waits.

Commissioner Paulling and Supervisor Waits will begin active work at once in the district to which the latter has been assigned, with the result that the work will be prosecuted with dispatch.

Dr. McCollum Home.

Dr. J. W. McCollum is again at home, after a month spent delightfully at Rabun Gap, in the mountains of North Georgia.

Dr. McCollum's friends were glad to see him looking so much improved. He states that there is no higher or more invigorating atmosphere to be found in the country than the mountains of North Georgia, nor more beautiful scenery.

Mrs. McCollum, and Mrs. Smith of McIntosh, who accompanied the party, expect to remain away until about September 1.

Make a Summer Resort of your Porch

The market is full of shades—good, bad and indifferent—but the

"VUDOR" Shade

stands in a class alone as the Standard Porch Cooler, with a reputation as unassailable as Ivory Soap or Huyler's Chocolates.

A hundred thousand American homes, including the White House at Washington, are equipped with them, and here in Gainesville the scores of VUDOR Shades on nearly every street—some hung two years ago—are the best testimonials we could ask.

ALL SHADES HUNG FREE OF CHARGE.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are generated poisons which are almost exactly the counterpart of butter. Is it not apparent then that if this stomach-churn is foul it mixes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

HIGH TIMES AT CAMPVILLE.

Thirteen Gamblers Arrested, Pleaded Guilty and Were Fined.

The old 13 still retains its prestige of an unlucky number, notwithstanding that some industrious fellow has tried to add 10, and "23" has been industriously striving to oust the old reliable 13 of ancient days out of a job.

There were thirteen gamblers indulging in a skin game at Rex a few days ago—and, to make matters more sinful, were using the sacred Sabbath day for their gambling. Deputy Sheriff L. E. Story of Windsor was apprised of the game, went over to the scene and, single-handed, arrested the whole push. The whole thirteen then made an effort to "23," but it didn't go, and the officer landed the game.

The men were Weldon Smith, Ben Walker, Matthew White, Adam Debose, Ed Nant, Will Felix, Robert Dinkins and six Jinkinses, making a grand total of thirteen. They were arraigned before Justice Dyess, pleaded guilty, and were sentenced to pay a fine of $1 and costs each, making an aggregate in fines and costs of $130.

Right expensive pleasure for a little "innocent" skin game.

To Become a Benedict.

John Shea, the efficient linotype operator of The Sun, expects to leave this morning for Jacksonville, where on Thursday of this week he will become a benedict, taking unto himself a wife in the person of Miss Lizzie G. Basey of Indianapolis, Ind.

From Jacksonville Mr. and Mrs. Shea will go to Daytona Beach, where they will spend a couple of weeks pleasantly.

Mr. Shea, although a comparatively new-comer here, has made many friends. He is a young man of excellent character, genial disposition, and is quite popular among all who have met him. The Sun, with all his friends join in extending congratulations in advance, with the wish that his married life will be one of continued happiness and pleasure.

Rocks Being Moved.

The Sun notes with pleasure, as will also those who have occasion to use the street, that the huge rocks which have lined the railroad track on West Main street S. since the sewerage was laid several weeks ago, are being removed.

The Sun called attention to the inconvenience these stones were causing on Friday. They blocked the street to such an extent that it was impossible for a team to cross that thoroughfare, and very difficult to turn around.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

A SAD DEATH.

Thomas H. Wallis Passed Away At Sanitarium Sunday Morning.

One of the saddest deaths to occur at the Odd Fellows' Sanitarium for some time was that of Thomas H. Wallis, who expired Sunday morning at 11 o'clock of appendicitis.

Deceased was forty-six years of age and for many years has been one of the most widely known, most universally popular, and most successful traveling salesmen in this section of the State.

While at High Springs on Wednesday night of last week deceased was stricken, but nothing serious was anticipated at that time. He suffered intensely all of Thursday and Thursday night, when the Elks of High Springs, of which order he was a member, realized that his condition was serious and that it was absolutely necessary to take him to a hospital where he could have the proper care and attention. Accordingly they secured a special train and brought the patient to the hospital here, arriving early Friday morning.

The patient continued to grow worse and late in the afternoon, in an endeavor to save his life, an operation was performed. He rallied for a time but sank again, expiring Sunday morning. His devoted wife, who had been summoned from Clearwater by telegram, was at the bedside when he died, as were also a few friends and brother Elks. It was a sad and sympathetic scene.

The remains were taken to Ocala on the afternoon train, via the Atlantic Coast Line, the same being accompanied to the station and tenderly placed aboard the train by a committee of Gainesville Lodge No. 990, B. P. O. E. Superintendent McArthur of the Atlantic Coast Line generously held the train for a half hour in waiting for the remains. His kindness is highly appreciated and will never be forgotten. The remains were accompanied to Ocala by the distressed widow, Past Exalted Ruler L. C. Lynch of Gainesville Lodge, and Wade Hampton, and the funeral was held in that city, which was his home, Monday afternoon.

Mr. Wallis was a member of the Benevolent and Protective Order of Elks and the Ocala Camp of the Woodmen of the World. He was very popular in both societies and will be greatly missed in the ranks.

He is survived by a widow and three children, to whom the sympathy of the general public is extended.

The Universe.

The heavens themselves, the planets and this center, observe degree, priority and place, insisture, course, proportion, season, form, office and custom, and all in line of order.—Shakespeare.

Asks a Good Deal.

"How about the rent of this house of yours, Flitter? Doesn't the landlord ask a good deal for it?"

Flitter—Yes. He often asks five and six times a month for it.

THE REAL TEST

of Herpicide Is to Be Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any [illegible] and that is by its ability to do [illegible] it is intended to do. Many [illegible] may look nice and smell nice, but the point is—do they eradicate [illegible] and stop falling hair?

We do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the [illegible] from whence the hair gets its [illegible].

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

Two sizes—50 cents and $1.00.

JUSTICE DEFEATED.

It will be remembered that about two years ago Harry Bomford, who at one time was engaged in the plumbing business in Gainesville, was convicted at Tampa of the killing of Capt. Park, whose confidence he had betrayed and whose domestic happiness he had ruined. The killing occurred in Capt. Park's own home, and when the jury returned a verdict which only admitted of the court sentencing the prisoner to the penitentiary for one year, Judge Gordon excoriated Bomford and expressed regret at not being able to give him a life term. Bomford appealed to the Supreme Court, and the judgment of the lower court was affirmed. In referring to the case The Lakeland News says:

The county commissioners of Hillsborough county deserve commendation for the stand taken in relation to Harry Bomford, the slayer of Capt. Park. Bomford was sentenced to serve a year in the penitentiary for shooting Park, but the lessees to whom he was turned over permitted him to remain in the same position at the store of Knight & Wall that he held before his conviction. The county commissioners issued peremptory orders which will result in Bomford serving his term in the convict camp, where he belongs. It would, indeed, be a travesty on justice if one malefactor should be permitted to serve his term as a gentlemanly counter-jumper, free to go and come as he pleased, while others who had sinned no more deeply should endure the punishment and servitude of the convict camp.

Since The News editor published the above comment the county commissioners were advised by the county solicitor that there was nothing in the contract with the lessees prohibiting the sub-leasing of convicts, and they thereupon rescinded the order requiring Bomford to be confined with the other prisoners, thus defeating the ends of justice. This should be a warning to county commissioners throughout the State, and they should see to it that the subleasing of convicts is prohibited in all future contracts. Bomford still occupies the same position with Knight & Wall that he held prior to his trial and conviction.

CUCKOO CORPORATIONS.

Shakespeare says in one of his plays:

"The hedgesparrow fed the cuckoo so long,
That it had its head bit off by its young."

In North Carolina the Southern Railway is now playing the role of cuckoo for all it is worth. The State built a railroad and leased it to a corporation for ninety-nine years. Now the corporation is persistently disregarding and defying the laws of the State, and as it were, biting off the head of its parent. No corporation should be allowed to hold a charter under State authority, and act as the Southern Railway is now acting.

Secretary Root, "the only smart man in the Cabinet," virtually confesses he is at his wit's end to enforce the trust protecting tariff without serious disagreement with foreign countries. For he has had to resurrect an old statute that allows the President to bar out foreign goods of nations that discriminate against us. If this law is put into effect, up will go trust prices again.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

CHARLES A. CULBERSON.

The Southern man whose name is most likely to be mentioned as a candidate for the Presidency before the next Democratic National Convention is Charles A. Culberson, a United States Senator from Texas. He is the son of the late David B. Culberson, who was a representative in Congress from Texas for twenty-two years, and was for a long time chairman of the House Judiciary Committee. The family was prominent in Georgia during the first half of the nineteenth century. But David B. Culberson removed to Texas in the 50s. Charles A. Culberson was born at Dadeville, Ala., June 10, 1855. While a child he went with his father to Texas, where he has since resided, his present home being Dallas. He graduated from the Virginia Military Institute in 1874, and then studied law for two years at the University of Virginia. In 1890 he was elected Attorney-General of Texas, and was re-elected in 1892; was elected Governor of Texas in 1894 and 1896 and succeeded Roger Q. Mills as Senator from Texas in 1899.

In every position of public trust which he has held Mr. Culberson has exhibited tact, ability and an earnest devotion to duty. In the great struggle over the railroad rate bill in the spring of 1906 Mr. Culberson took a very prominent part. The Culberson amendment intended to secure the people against injunctions granted by Federal courts suspending the orders of the Interstate Commerce Commission, was supported by every Democrat in the Senate except Bailey of Texas and Patterson of Colorado. It also received the vote of Senator LaFollette. In the debates on the rate bill he spoke often and his speeches were so replete with sound principles, so fair in all legitimate interests, and yet so powerful and earnest in advancing home rule and reserve rights of the States and people of the Union, that Democrats began to look to him for leadership in the great struggle of the people against predatory corporations and usurping Federal courts.

A SAMPLE CASE.

The tariff duty on pig lead is two and one-eighth cents per pound. Consumers of lead want an opportunity to buy in the world's open market but are denied because the lead trust exerts its influence to prevent the removal of the duty which it uses as a lever to keep the price up. Of course the Republicans will not remove the duty. That would hurt the trust and help the public, a policy which directly contravenes the doctrine of protectionism.

REVIVO RESTORES VITALITY

"Made a Well Man of Me."

GREAT REVIVO REMEDY

produces fine results in 30 days. It acts powerfully and quickly. Cures when others fail. Young men can regain their lost manhood and old men may recover their youthful vigor by using REVIVO. SERMONETTES

BY J. MARVIN NICHOLS.

I know a class of whiskered and beardless goats who get their chief solace in putting somebody next. There is no worse treachery—no more dangerous personage—than the peddler of truth. I despise a scandal-toter, and think no more of a truth-monger. The turning of evidence—be it for church or state—is all right provided there is someway devised to hang the fellow that does the trick. I am thoroughly convinced that this game of deliberately testifying to the hurt of another—especially when voluntary—is the play of self defense. It is at once the evidence of an equal guilt. It won't be hard to damn the fellow that is free because his statement puts shackles on another. I have infinitely more respect for the "hired" witness than I have for the infamous pest who offers his services on the merest suggestion—and then stands in the shade of the law and bleats about a religious stunt he has played.

Old age ought to be bright. Is Mount Shasta, as it lifts its hoary head, superfluous among all the Rockies? Is it not really a glory? Without it all the lesser peaks would be of but little importance. I wish that the creeping, stealthy years were less impatient. Wait! When Lascure lay dying he cried: "Open the windows!" The pall of an impenetrable night was falling. It was growing so dark. In the same anxiety Rousseau prayed for "a parting look at the orb of day." A parting look! When Goethe, the great German poet came to the eclipse of his parting strength, he exclaimed: "More light! More light!" May the very clouds of your sunset days be painted like heights gilded with sapphire and gold, and long after

"The silent yellow beam down the wood aisle doth seem
Like a line into heaven that leans from a dream,"

we shall stand about your silent tomb and amid the sweetness of its hush we shall love you still.

The growth of suicidal tragedies is positively alarming. Oftimes the reason seems so freakish to us and can be but the fatal prank of a dazed and bewildered mind. A sense of inexpressible sadness, always full of a common pity, steals over me when I read the story of these tragedies. So much of it is never written. There are histories of disappointed affections whose unfolding is easier borne in the grave than when under the gaze of men. Sometimes only the pounding waves of the sea can voice the heart's wildest storm. We are wont to call it "sneaking out of life's back door"—but after all, how can a man be content with an eye of love that's fading or when his children cry for bread? Many a poor heart flings itself into endless shadows because those who once loved now misjudge. And sometimes we grow wild when loved ones are pulled beyond our grasp, and we cannot hold them longer if we would. We become frantic in our longing for the touch of a vanished hand like those whose dead lie beneath the sighing sea and who prefer that death to the long wait for the resurrection morning. Most of the world's tragedies and tears spring like gushing waters from misunderstanding hearts that ought to love and save us in our hour of unspoken grief and pain.

FIFTEEN YEARS OF ECZEMA

Affected Hands, Arms and Legs—Endured Terrible Itching and was Unable to Sleep—Would Tear the Bandages to Scratch the Skin—In less than One Week

CURED BY THE CUTICURA REMEDIES

"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to scratch through the bandages as the itching was so severe, and at times I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me but they could not give me a permanent cure, nor even could they stop the itching. After using the Cuticura Soap, one box Cuticura Ointment and two bottles Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. Edward Worell, Band 30th, U. S. Infantry, Fort Crook, Nebraska."

The most torturing and disfiguring humors, eczemas, rashes, itchings, irritations, and inflammations of the skin, scalp, and blood, with loss of hair of infants, children, and adults, are instantly relieved and speedily cured by the Cuticura Remedies, when all else fails.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Pills (Chocolate Coated 25c., per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Depots: London, Newbery, 27 Charterhouse Sq.; Paris, Roberts, 5 Rue de la Paix.

Mailed Free, "How to Cure Skin Tortures."

GEORGIA LEGISLATURE.

Tax Is Placed on the Income of Utilities. Etc.

Atlanta, Aug. 12.—All public utilities, except telephone and telegraph companies, less than five miles of railway and water powers, were placed under a 1 per cent on their gross receipts, by the house. With the passage of the labors on the general tax act, over two days' continuous work,

All [illegible] boodle, steel cattle, Pullman cars, sitting cars, parlor cars, express companies, long distance telephone and telegraph companies, manufacturers of patent medicines, cotton seed oil mills, stamps for soda fountains, becoming a class of corporations, and sewing machine companies come under this general tax levy of 1 per cent on their gross receipts.

What the anti-prohibition leaders declare will cause social clubs to spring up in every city and town in the state and that whisky will be kept there, in lockers, was injected into the general tax act Friday, when the amendment offered by Mr. Wright, of Floyd, taxing all such clubs $500 was adopted by the house without a dissenting vote. This is the same provision as appeared in the general tax act last year when prohibition was not in vogue.

GATES GOES TO ENGLAND.

Like Richard Croker Will Live Life of Country Squire.

New York, Aug. 12.—John W. Gates, it is learned by the Sun's Saratoga correspondent, has gone to England and to settle down there like Richard Croker, live the life of a country squire and keep up a big racing establishment.

This, it is stated, is the true meaning of the auction of C. E Durnell's stable to take place on August 16. Durnell has announced that he is soon going to England, and, it is said, he will get together a stable of English bred horses which he will race for Mr. Gates. E. Duggan, who has ridden successfully in this country, will do the riding for the stable, which it is expected, will be gathered by next year.

Mr. Gates, the story also says, will retain his citizenship in the United States. His son will probably represent him here, but he himself will seldom favor this country with a visit.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for these troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

Big Increase in Sumter.

Americus, Ga., Aug. 12.—Three hundred thousand dollars represents the handsome increase in property valuations in Sumter county this year, while the same increase last year makes a total of $600,000 in two years. In the past ten years the total increase exceeds $2,000,000, or 50 per cent of property valuations in the county. The great bulk of this increase is in returns made of city property.

Insurance Actions in Court.

Kingston, Jamaica, Aug. 12.—Summons taken out by the plaintiffs and defendants in the insurance actions, asking for better particulars regarding the fire following the great earthquake, were answered in the local court Thursday. The most important point made was that the injured must prove the origin of the fire at the trial of the cases.

Presidency Contest Settled.

Boston, Aug. 12.—The contest for the presidency of the Team Drivers and Helpers' International union was settled Friday by the election of Daniel J. Tobin, of Boston. Cornelius P. Shea, of Chicago, president for the past four years, was defeated. The vote was: Tobin, 104; Shea, 94.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but decomposed by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin [illegible] at once. Give it a trial. Sold by W. M. Johnson.

S. S. S. CURES CHRONIC ULCERS

Chronic ulcers are the result of a deeply polluted and foul blood supply. The [illegible] germs and germ poisons are being constantly fed to the circulation until all the surrounding flesh becomes diseased and the sore an obstinate and permanent trouble. Every symptom of an ulcer suggests pollution of the blood, the red, angry, flesh, the inflammation and disease of surrounding parts, all show that the ulcer is prevented from healing by the constant drainage through it of impurities from the blood. This impure condition of the blood may be hereditary, or it may be the remains of some constitutional disease, or the result of a long spell of sickness, leaving disease germs in the system, or the accumulation of the refuse of the body which has not been properly expelled through the natural channels. But whatever the cause, the blood is so vitiated and polluted that it does not properly nourish and stimulate the place, and the sore cannot heal. Salves, plasters, lotions, etc., keep the sore clean, relieve pain, and perhaps reduce inflammation, but can never permanently heal them because they do not reach the blood. S. S. S. goes down to the very fountain head of the trouble, drives out all poisons and germs, builds up the weak, sluggish blood, gives energy and strength to the system, and by sending a fresh, healthy stream of blood to the diseased parts, allows the ulcer to heal naturally and permanently. Nothing reaches inherited taints like S. S. S. It cleanses the circulation of every trace of hereditary disease or impurity, and those who have nursed and treated an old sore for years will experience good results as soon as the system becomes influenced by S. S. S. Book on Sores and Ulcers and medical advice free to all who write.

LOW RATES ON ALL ROADS.

Alabama Governor Gives Out Interview Indicating His Intentions.

Montgomery, Ala., Aug. 12.—That Governor Comer intends to force the other railroads to follow the Southern and put in the lowered freight and passenger rates is indicated in an interview given out Friday morning. He says:

"I shall charge every officer of the state that any violation of our criminal laws, whether by individuals or trusts, no matter how small the individual or how great the magnate, is a violation of law and alike made amenable. It is difficult to understand how any corporation can place itself in defiance of the laws of the state and seek by injunction of the federal court to place themselves outside the sympathy and laws of the state. If in the execution of any of the recently enacted statutes there should be any part of them ineffective in operation, I would not hesitate a minute to call the legislature together and change them so as to give full force and effect. "I shall carry out my obligation to the constitution and the people."

The officers of the Southern railway are complimented by the governor for its accession to what "I am sure is a just demand from the people."

ROMANTIC NUPTIALS.

Stonewall Jackson's Granddaughter Figures in Runaway Marriage.

Salisbury, N. C., Aug. 12.—Miss Julia Jackson Christian, daughter of W. E. Christian, assistant general passenger agent of the Seaboard Air Line railway, in Atlanta, Ga., who is also a granddaughter of the late General Stonewall Jackson, and Mr. H. Rand Preston, a well known lawyer and former legislator of Charlotte, were the principals in a runaway marriage here Friday night. The ceremony was performed at 11:30 o'clock at the home of Editor Julian, of the Post, by Dr. Byran C. Clark, a Presbyterian minister.

Earlier in the evening, Messrs Julian, Walter Murphy and Burton Craig, of Salisbury, received a telegram from Mr. Preston stating:

"I am running away to get married; have preacher and license."

Accordingly, when the runaway couple reached Salisbury from Charlotte everything was in readiness and in the presence of the above mentioned persons and Mrs. Julian, the couple were married.

Searched for Hidden Gold.

Huntsville, Ala., Aug. 12.—The site of an old wayside inn that stood for many years on the bluff overlooking Brahan springs, has been dug up by treasure hunters. It is reported that the man who owned the inn, one of the early settlers of this section, accumulated a fortune in the business, and buried the gold somewhere on his premises. The excavators have done their work so thoroughly that there is small chance of the story being true unless the treasure has already been found and taken away.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Accident on Race Track.

New York, Aug. 12.—A serious accident occurred at the Brighton Beach race track Saturday morning during the international endurance derby for automobiles. The Pilian car, driven by strong, threw a tire at the turn into the stretch, ran into the fence and knocked down many persons, seven of whom were injured. Four persons sustained broken arms and legs while the others were cut and bruised. The injured were taken to the Emergency hospital at Coney Island.

Old Man Shot His Wife Dead.

Raleigh, N. C., Aug. 9—Near Kent Pasom Godwin, aged 73 years, following a quarrel with his wife, shot her dead Wednesday. He escaped and the sheriff is pursuing him with bloodhounds.

Hicks' Capudine Cures

It is not a narcotic or dope but removes the cause. Get a bottle and try it for headaches, sour stomach, indigestion pains or colds. It's liquid—affects immediately—pleasant to take. Sold at all drug stores.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

Tetter, Salt Rheum and Eczema
Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation.

CUT OFF LEG TO RELEASE HIM.

Man Pinned Under Locomotive Gave Surgeons Suggestions.

New York, Aug. 10—Pinned beneath a locomotive, Charles Shudley, a brakeman on the New York, New Haven and Hartford railroad, suffered the amputation of a leg before he could be extricated from under the engine which had run over him in the railroad yards in the Bronx Thursday.

The operation was performed by an ambulance surgeon without the use of anesthetics, and frequently Shudley gave suggestions to the surgeons during the operation.

It is said that he may recover.

Coal for Big Battlefleet.

New York, Aug. 10.—News which has reached the maritime exchange and shipping offices here is to theeffect that the navy department through its agents in New York, Baltimore and Newport Newws, has chartered a total of fourteen vessels to carry coal to the Pacific coast ports. The coal is for the use of the great battleship fleet which is to be sent to the Pacific in the fall. The government's needs are now satisfied, it was said. A majority of the vessels engaged have sailed already, a lot of 76,000 of the 100,000 tons of coal needed on the coast having been dispatched.

To Change Type of Cars.

New York, Aug. 10.—It is announced that one result of the investigation of the local railroads by the public service commission being conducted by William M. Ivins, as counsel, will be an order to the Interborough Metropolitan company to change the type of car in the subway. Cars with side doors, it is said, will be ordered, and it is expected that they will do away with the crush at stations now so much complained of.

Licenses To Be Restored.

Montgomery, Ala., Aug. 10.—After three days of conference, the state came to an agreement with the Southern railway Thursday afternoon, as a result of which the licenses of the company, recently canceled, are to be restored, and in return the road puts into effect, beginning Sept. 1, the 3½-cent passenger fare and the bill fixing freight rates on 110 commodities. The result is a complete victory for the state, securing the enforcement of two acts out of which the people are expected to realize great saving

Little Girl Burned to Death.

Meridian, Miss., Aug. 10.—Anetta Carson, the nine-year-old daughter fo James Carson, southern agent of the singer Sewing Machine company, died at 10 o'clock Wednesday as a result of burns received a few hours earlier. The girl and her two young brothers were playing in a cabin near the Carson summer home, near this city, when one of the boys threw a quantity of kerosene oil on the fire that had been built in the cabin. The boys were both badly burned, though both will recover.

Candidate for Chancellorship.

Berlin, Aug. 12.—It is asserted that Baron Marschal Von Bieberstein, who was in disgrace ten years ago, is now a serious candidate for the chancellorship, as the kaiser is delighted with the high standing he has attained among the delegates at the peace conference.

Probable Yellow Fever Case.

Cienfuegos, Cuba, Aug. 12.—An American soldier here is suffering from what is believed to be yellow fever. This is the first case of a soldier being attacked by the disease since the army of occupation came to the island, and the authorities are somewhat apprehensive.

Halsey's Condition Critical.

San Francisco, Aug. 10—Theodore V. Halsey, the company official on trial for alleged bribery, who was operated on Thursday night for appendicitis was Friday reported to be resting well. The physicians in charge, however, consider his condition critical.

Widow of "Salt" Millionaire Starves.

Syracuse, N. Y., Aug. 10.—Mrs. Cordelia A. Crippen, 80 years old, widow of Manzo Crippen, one of the old salt millionaires, died in poverty here at the home of Dr. C. A Belch, who had found her starving on his doorstep. Her funeral was furnished by charity.

Closed Opium Dens.

Canton, China, Aug. 10—In accordance with the imperial decree recently issued, all the opium dens in Canton were closed Friday. The new departure caused general rejoicing all over the city.

Perpetual Motion Cranks.

In the days of the Mayflower the first perpetual motion inventors took out their patents for "Engines which being put in order will cause and maintegine their own motions with continuance and without any borrowed force of man, horse, wind, river or [illegible]" and in the last century they have applied for about 600 patents which are based chiefly on the force of gravity, loss of equilibrium, specific gravity of floats and weights immersed in water or other liquid, accession of receptacles inflated with air or gas under water, compression and subsequent expansion of gases and of the surface tension of liquids. So sanguinely hopeful are these ingenious designers that in many cases they provide brakes to stop their machines if necessary or to prevent any dangerous increase of speed. The care and thought expended on the principle and detail of many of the inventions demonstrate that many men of mental ability cling to the idea that perpetual motion is possible and that they themselves are successfully solving the problem.

How to Shoot a Rattler.

The writer once saw an Indian kill a rattlesnake in a very peculiar manner. The rattler was about ten feet from the Indian, who was resting the rifle on his knee, apparently taking aim. Whenever he moved the weapon a few inches the snake would move around and get exactly in line with it. Then, to show how the thing was done, the Indian moved about the snake in a circle, and the reptile moved as if its tail were on a pivot, always keeping its head and body in line with the gun. The Indian then agreed to bandage his eyes and shoot the snake in the mouth. The writer bandaged the Indian's eyes, and, holding the gun by his side at arm's length, the latter pulled the trigger, and the ball entered the snake's mouth and passed the whole length of its body. "How do you take aim?" was the query. "The snake, he takes aim," was the reply. We have talked with an old hunter on this proposition, and he claims that a rattlesnake will always range directly in line with a gun or stick pointed at it.—Exchange.

Snakes as War Weapons.

When Hannibal, the great Carthaginian, was fighting Eumenes of Pergamos with a fleet of very inferior strength he hit upon an artifice which would scarcely be sanctioned by the laws of what we are pleased to call civilized warfare. He discovered by means of a bogus message under a flag of truce on which ship the king was. He then caused poisonous snakes to be inclosed in earthen jars. These he distributed among several ships and ordered them to close up on the king's galley. In the melee that followed the jars were flung on to the deck. The curious bombs were greeted at first with ridicule, which soon changed to panic when the nature of their contents made itself manifest. The galley was extricated from the fight as soon as possible, and the captains of the others, believing that the king had taken flight, followed suit, with the result that Hannibal gained a complete victory.

Fay-Sholes typewriter ribbons, the best on the market, for sale at The Sun office, 75 cents.

Special tea sale Wednesday and Thursday. Fifteen varieties choice teas. Saunders & Earle.

Mrs. J. H. Alderman has returned from a delightful and beneficial outing at Worthington Springs.

C. V. McKinstry, manager of the Alachua Ice Company, was a business visitor to Gainesville yesterday.

Have your stationery printed at The Sun office. First-class work promptly delivered at reasonable prices is our motto.

Col. I. E. Webster is enjoying the invigorating breezes of the famous old Suwanee river at White Springs for a few days.

Mr. and Mrs. Walter Porter of Jacksonville passed through the city yesterday en route to Micanopy, where they will spend a few days.

Mr. and Mrs. Robert Wixon have gone to Archer, where they are spending a few days as guests of Mrs. Wixon's brother, George Gibbons.

Reliable, competent man wanted to take contract for cutting, skidding and hauling cypress logs. Teams and equipment furnished. Address Sumner Lumber Co., Sumner, Fla.

Mrs. Rosa Waters and son, Wallace, have gone to Brunswick, Ga., where they will be guests of the former's sister, Mrs. R. F. Taylor, for a couple of weeks.

Edgar L. Johnson and R. H. Smith, forming the partnership of Smith & Johnson, buyers of cotton, etc., Hawthorn, were in the city yesterday, the former making The Sun an appreciated call.

L. J. Burkhim left Sunday for Daytona Beach, where he will spend a few days with his family, who are sojourning at that popular resort. The friends of Mrs. Burkhim will regret to learn that she is yet indisposed.

Rev. N. B. Plummer of Anthony, pastor of the Baptist church of that town, was in the city for a few hours Sunday. He was en route from Starke to Fort White, where he has just closed a series of successful meetings.

A. O. Steenburg left yesterday for the Jamestown Exposition, and will also visit his former home in Illinois before returning to Gainesville. He will be missed by his numerous friends here, but all join in wishing him a good time.

The Foreign Missionary Society of the First Methodist Church will hold a meeting at the home of Mr. and Mrs. Thomas McBeath, East Main street N., at 4 o'clock this afternoon, to which all members are invited and urged to be present.

S. E. Gerken of Jacksonville, one of the most widely known newspaper reporters and Linotype operators in the State, has consented to "stay awhile" among his Gainesville friends, and for the next two weeks or so will have charge of the Linotype in The Sun office, relieving the regular operator, John Shea. Mr. Gerken has recently returned from an extended trip throughout the country, including points on the Pacific coast.

WRECK DELAYED TRAINS.

All Southbound Trains on Seaboard Were Late Monday.

Owing to a big wreck on the Seaboard Air Line at Highland, caused by a freight train leaving the rails, all trains over the Seaboard were delayed several hours Monday. The train due in Gainesville at 12:30 o'clock did not arrive until 6:30, being six hours late, while the Cedar Key train was three hours later.

It is said that this was one of the most disastrous wrecks, as far as property loss is concerned, the Seaboard has experienced on this division in many years. The delays occasioned by the wreck were also of much longer duration.

The management of the Seaboard put a large force of hands to work, and after several hours the track was cleared sufficient to permit the safe passage of trains.

Mr. and Mrs. W. L. LeGrande and children have returned from Atlanta and other points in Georgia, where they have been on an extended visit to relatives and friends. Mrs. LeGrande and children were away for several weeks, but Mr. LeGrande was absent only sixteen days. All are looking greatly benefited from the trip, and report a delightful time.

W. Truehart Bodiford, traveling representative of Solomon & Co., wholesale druggists, Savannah, after spending Sunday with his parents, Dr. and Mrs. J. S. Bodiford, left yesterday for South Florida.

Superintendent J. B. Cutler of the Tampa and Jacksonville Railway has returned from an official visit to Tampa and other points in South Florida.

MRS. R. WILSON

Mount Vernon Lodge No. 20, Knights of Pythias, meets tonight at 8:00 in their Castle Hall over Dutton's Bank. Work in the third rank. Visiting brothers welcome. J. A. ROBERTSON, C. C.; E. A. STRUNK, K. of R. & S.

A BUNCH OF PERSONALS.

Daytona Beach a Popular Place For Gainesville People.

A most congenial party of friends are now occupying one of the apartments in Mrs. Leland's resident cottage. The party consists of Miss Maggie Brooks of Gainesville; her sister, Mrs. George Frank of Jacksonville; Mr. and Mrs. S. D. McDonald and two children of Gainesville, and Misses Annie and Jessie Wimberly of Cedar Key. They seem to be getting their full complement of enjoyment out of life on the beach and are altogether charming to meet. They are perfectly delighted with Seabreeze.

C. W. McDonald, of the McDonald Brothers, successful truck growers of Gainesville, is a recent arrival at the Seaside Inn.

Mrs. E. A. Strunk and three children are among the recent arrivals on the beach from Gainesville.

Mr. and Mrs. J. S. Crown and eleven children arrived from Gainesville this week and have taken the Edith Brush cottage through the E. A. Branch agency.

Mr. and Mrs. Gracy and Mr. J. Manasse and family are pleasantly located on Ocean avenue.

Mrs. A. R. Jones is enjoying a visit from her mother and sister, Mrs. Burnett and Miss Burnett of Gainesville.

Mrs. A. M. Dennis and daughter Miss Hattie of Gainesville are located in one of the apartments of one of the Clarendon cottages on Ocean Boulevard.—Daytona Gazette-News.
